

Wood's®

New Dehumidifier MDK26

Powerful and easy to use for laundry or basement.

The new Wood's MDK26 is a powerful and compact dehumidifier that fits most environments. The MDK26 exhausts warm, dry air on its top that blow-dries the laundry. With MDK26, you don't have to worry about maintenance or defrosting - merely set desired humidity level and leave the unit to it. This is a smart and powerful dehumidifier, packed with benefits!

MDK26 It is made with environmentally friendly cooling media called R-290. The use of R-290 is significantly more energy efficient than HFC gases!

Wood's MDK26

Wood's MDK26 is easy to install and operate, and will quickly lower the ambient humidity and remove mildew and moisture. The MDK26 is a good choice for laundry, living spaces, basements, summer houses, caravans, or similar areas. Wood's MDK26 is easy to install and operate, and will quickly lower the ambient humidity and remove mildew and moisture. MDK26 is a very stylish and easy to use dehumidifier that dries the laundry quickly and gently with a dry-wash function! MDK26 also ensures that excess moisture and mold are kept away.
